

# Phoenix Medical Clinic

## Corporate Workforce Medical Assessment Programmes

- Full individual medical reporting for each employee
- Defined clinical risk categorisation and recommendations
- Confidential pathways maintained at all times
- Designed for medium-sized organisations seeking structured health oversight

## Available Programmes Structure:

---

### **Tier 1 – Corporate Individual Medical Assessment | £340 per employee:**

No minimum number of employees.

Designed for organisations seeking structured individual medical screening without workforce-level reporting.

#### **Includes:**

- AI Health Scan
- Full individual medical report (comprehensive written interpretation)
- Clinical risk categorisation (Low Risk / Monitoring Advised / Follow-Up Recommended)
- Written medical recommendations
- Individual participation certificate
- Organisational screening certificate

**Does not include workforce-level aggregated reporting.**

This tier focuses entirely on individual clinical value delivered within a corporate framework.

## **Tier 2 – Corporate Workforce Health Overview | £390 per employee:**

Minimum 10 employees.

### **Includes everything in Tier 1, plus:**

- Aggregated anonymised workforce summary report
- Risk-tier distribution analysis
- Age-stratified stress analysis
- Executive Workforce Health Snapshot
- Operational relevance section

### **Additional Benefits:**

- Up to 3 AI rescans per employee within 12 months  
(Scanner-generated comparison reports only; no additional medical interpretation included)
- 10% discount for employees on GP AI Report Analysis  
(£140 reduced to £126)

This tier introduces structured workforce-level oversight while maintaining full individual clinical reporting.

## **Tier 3 – Workforce Health Monitoring & Reporting Programme| £435 per employee/year:**

Starts from 3-year contract, minimum 10 employees.

### **Includes everything in Tier 2, plus:**

- Structured board-ready Annual Workforce Health Assessment Report
- Workforce movement analysis (risk category shifts)
- Year-on-year comparative reporting (from Year 2 onward)
- Priority annual scheduling

### **Additional Benefits:**

- Up to 3 AI rescans per employee within 12 months (scanner report only, no medical reports in the intermediate scans)
- 10% discount for employees on GP AI Report Analysis

This tier is designed for organisations seeking measurable workforce health monitoring over time.

# Operational Framework:

---

## Location & Travel Policy

Employees may attend Phoenix Medical Clinic for screening.

On-site screening is available where:

- A minimum of 10 employees are booked on the same day
- The location is within approximately 1 hour 15 minutes travel from our clinic

Where travel exceeds this radius, additional travel costs may apply and will be quoted in advance.

---

## Important Clarification

Additional rescans included in Tier 2 and Tier 3 provide scanner-generated comparison reports only.

Medical re-interpretation of rescan findings is available separately through GP AI Report Analysis.

---

## Investment

Corporate medical assessment programmes begin at **£340 per employee**, with pricing dependent on selected tier and workforce size.

Please contact Phoenix Medical Clinic to request a tailored corporate quotation.
